

HOW TO USE SOUNDS

DOWNLOADING & USING THE APP

BBC Sounds allows you to listen to podcasts, live radio and music!

(What is a podcast? – Podcasts are pre-recorded audio broadcasts that cover a range of topics from comedy, to history, to world news. You can find a podcast on nearly any topic! They are a great alternative to reading or watching TV.

If you have an Apple iPhone, follow the left column, and if you do not (this includes Samsung, Huawei, Google and others), follow the right column. If you would rather access BBC Sounds by using your computer, see the end of this guide.

iPhone

3. Press the top option that appears

Non-iPhone

5. To open the app, press 'open'.

Alternatively, open the app by clicking the app icon which will have appeared

6. If you already have a BBC account, press 'Sign In'. If you do not, press 'Register, and follow the steps on the app.

5. To open the app, press 'open'.

Alternatively, open the app by clicking the app icon which will have appeared

6.

If you already have a BBC account, press 'Sign In'. If you do not, press 'Register, and follow the steps on the app.

iPhone

7. Once you have signed in, the app should look something like this:

You can access live radio channels at the top, and if you scroll down you can see recommended podcasts, music, and other shows.

If you click 'search', you can browse categories of music & speech, as well as search for specific sounds.

Non-iPhone

7. Once you have signed in, the app should look something like this:

You can access live radio channels at the top, and if you scroll down you can see recommended podcasts, music, and other shows.

If you click 'search', you can browse categories of music & speech, as well as search for specific sounds.

Accessing BBC Sounds via Computer

- Open your <u>browser</u> (this is what you browse the internet
- on, it could be Google Chrome or Internet Explorer).

- 2. In the bar at the top, type in <u>www.bbc.co.uk/sounds</u> and press enter on your keyboard.
- You've made it to the website! You can look around and scroll down to find live radio, podcasts, and music mixes.
